

Eastern Grit covers the best of the routes on the eastern edges of the Peak District including the major crags of Stanage, Burbage, Millstone, Froggatt, Curbar and Birchen. All in all there are 2952 routes included in the book. In order to fit all these routes in we needed to sacrifice a bit of space so only the starred routes were included in the index with the book. This PDF contains the full index.

All the routes are also listed on the Rockfax Database on the Rockfax web site - www.rockfax.com

Peak POKKETZ Series

In addition to Eastern Grit we have also published two smaller companion books covering roughly the same areas. These books are both pocket-sized and contain the best routes up to HVS (with the odd E1 thrown in).

Peak NE covers the gritstone crags Rivelin, Bamford, Stanage, Burbage North and South, Higgarr Tor, Millstone, Lawrencefield and Yarncliffe.

Peak SE covers the gritstone crags Froggatt, Curbar, Baslow, Gardoms, Birchen, Chatsworth and Black Rocks, plus the limestone crags Stoney, Horseshoe, Ravensdale, High Tor, Wildcat, Willersley and Harborough.
